

MCS - Bibliographie bis 1999

Bibliographie aller 609 wissenschaftlichen Artikel, Editorials, Bücher, Buchkapitel und Berichte, die von 1945 bis September 1999 erschienen sind und über Multiple Chemical Sensitivity berichten oder direkt damit in Verbindung stehen. (Publikationen in Zeitschriften von Klinischen Ökologen oder Briefe an Herausgeber ausgenommen)

Sortiert nach Erscheinungsdatum

Chronologisch sortiert (und bei Autor alphabetisch nach Jahren)

1. Randolph, T.G. 1945. Fatigue and weakness of allergic origin (allergic toxemia) to be differentiated from nervous fatigue or neurasthenia. *Ann.Allergy* 3:418-430.
2. Randolph, T.G. 1952. Sensitivity to petroleum including its derivatives and antecedents. *J.Lab.Clin.Med* 40:931-932.
3. Brown, E.A. and N.J. Colombo. 1954. The asthmogenic effect of odours, smells, and fumes. *Ann.Allergy* 12:14-24.
4. Randolph, T.G. 1954. Allergic type reactions to mosquito abatement fogs and mists [Abstract]. *J.Lab.Clin.Med* 44:911-912.
5. Randolph, T.G. 1954. Allergic type reactions to industrial solvents and liquid fuels [Abstract]. *J.Lab.Clin.Med* 44:910-911.
6. Randolph, T.G. 1954. Allergic type reactions to indoor utility gas and oil fumes [Abstract]. *J.Lab.Clin.Med* 44:913
7. Randolph, T.G. 1954. Allergic type reactions to chemical additives of foods and drugs [Abstract]. *J.Lab.Clin.Med* 44:913-914.
8. Randolph, T.G. 1954. Allergic type reactions to motor exhaust [Abstract]. *J.Lab.Clin.Med* 44:912
9. Randolph, T.G. 1955. Depressions caused by home exposures to gas and combustion products of gas, oil, and coal [Abstract]. *J.Lab.Clin.Med* 46:942
10. Randolph, T.G. 1956. The specific adaptation syndrome. *J.Lab.Clin.Med* 48:934-941.
11. Randolph, T.G. 1962. *Human Ecology and Susceptibility to the Chemical Environment*. C.C.Thomas, Springfield,IL.
12. Kailin, E. and C. Brooks. 1963. Systemic toxic reactions to soft plastic food containers: a double-blind study [of MCS patients]. *Med.Ann.Washington DC* 32:1-8.
13. Randolph, T.G. 1964. The ecologic unit, Part II. *Hosp.Man.* 97:47
14. Kailin, E. and C. Brooks. 1965. Cerebral disturbances from small amounts of DDT; a controlled study [of MCS patients]. *Med.Ann.Washington DC* 35:519-524.

15. Randolph, T.G. 1965. Ecologic orientation in medicine: comprehensive environmental control in diagnosis and therapy. *Ann.Allergy* 23:7
16. Kailin, E. and A. Hastings. 1966. Electromyographic evidence of DDT-induced myasthenia [in MCS patients]. *Med.Ann.Washington DC* 35:237-245.
17. Randolph, T.G. 1966. Clinical ecology as it affects the psychiatric patient. *Int.J.Soc.Psychiatry* 12:245-254.
18. Tabershaw, I.R. and W.C. Cooper. 1966. Sequelae of Acute Organic Phosphate Poisoning. *J.Occup.Med.* 8:5-20.
19. Stokinger, H.E. and J.T. Mountain. 1967. Progress in detecting the worker hypersusceptible to industrial chemicals. *J.Occup.Med.* 9:537-542.
20. Sutton, W.L. 1969. Psychiatric disorders and industrial toxicology. *Int.Psychiatry Clin.* 6:339-351.
21. Randolph, T.G. 1970. Domiciliary chemical air pollution in the etiology of ecologic mental illness. *Int J Soc Psychiatry* 16:245
22. Henkin, R.I., P.J. Schechter, R. Hoye, and C.F. Mattern. 1971. Idiopathic hypogeusia with dysgeusia, hyposmia, and dysosmia. A new syndrome. *J.A.M.A.* 217:434-440.
23. Buchwald, H. 1972. The elusive miasma: problems of abnormal responses to atmospheric contaminants. *Ann.Occup.Hyg.* 15:379-391.
24. Fisherman, E.W. and G. Cohen. 1973. Chemical intolerance to butylated-hydroxyanisole (BHA) and butylated-hydroxytoluene (BHT) and vascular response as an indicator and monitor of drug intolerance. *Ann.Allergy* 31:126-133.
25. Levine, R.J., D.J. Sexton, F.J. Romm, B.T. Wood, and J. Kaiser. 1974. Outbreak of psychosomatic illness at a rural elementary school. *Lancet* 2:1500-1503.
26. Sirois, F. 1974. Epidemic hysteria. *Acta Psychiatr.Scand.Supp.* 252:1-46.
27. Stahl, S.M. and M. Lebedun. 1974. Mystery gas: An analysis of mass hysteria. *J.Health Soc.Behav.* 15:44-50.
28. Bealer, S.L. and D.V. Smith. 1975. Multiple sensitivity to chemical stimuli in single human taste papillae. *Physiol.Behav.* 14:795-799.
29. Bell, I.R. 1975. A kindling model of mediation for food and chemical sensitivities: biobehavioral implications. *Ann.Allergy* 35:206-215.
30. Felleson, J.A. 1977. New environment for nursing care: the clinical ecology unit. *RN* 40:49-57.

31. Fisherman, E.W. and G.N. Cohen. 1977. Chronic and recurrent urticaria: new concepts of drug-group sensitivity. *Ann.Allergy* 39:404-414.
32. Randolph, T.G. 1977. Both allergy and clinical ecology are needed [editorial]. *Ann.Allergy* 39:215-216.
33. Vievskaya, G., N. Bayda, and A.N. Vievskii. 1977. Mental disorders in persons with chemical allergies. *Zh Nevropatol Psikhiatr* 77:908-911.
34. Calabrese, E.J. 1978. *Pollutants and High Risk Groups: Biological Basis of Increased Human Susceptibility to Environmental and Occupational Pollutants*. Wiley, New York, NY.
35. Colligan, M.J. and M.J. Smith. 1978. A methodological approach for evaluating outbreaks of mass psychogenic illness in industry. *J.Occup.Med.* 20:401-402.
36. Maguire, A. 1978. Psychic possession among industrial workers. *Lancet* 1:376-378.
37. Randolph, T.G. 1978. Specific adaptation. *Ann.Allergy* 40:333-345.
38. Rea, W.J., I.R. Bell, C.W. Suits, and R.E. Smiley. 1978. Food and chemical susceptibility after environmental chemical overexposure: case histories. *Ann.Allergy* 41:101-109.
39. Reinhardt, C.F. 1978. Chemical hypersusceptibility. *J.Occup.Med.* 20:319-322.
40. Smith, M.J., M.J. Colligan, and J.J. Hurrell. 1978. Three incidents of industrial mass psychogenic illness: a preliminary report. *J.Occup.Med.* 20:399-400.
41. Colligan, M.J., M.A. Urtes, C. Wisseman, R.E. Rosensteel, T.L. Anania, and R.W. Hornung. 1979. An investigation of apparent mass psychogenic illness in an electronics plant. *J.Behav.Med.* 2:297-309.
42. Edgar, R.T., E.J. Fenyves, and W.J. Rea. 1979. Air pollution analysis used in operating an environmental control unit. *Ann.Allergy* 42:166-173.
